

For Schools & Trusts

Martyn's Law Governance considerations LLSE Webinar 7 October 2025

Rosemary Lovatt
Head of consultancy

The trusted voice of governance

- NGA is the national charity and membership body for governors, trustees, and governance professionals in England's schools and trusts
- We provide resources, expert support, and e-learning to empower governance.
- Working together to raise standards and help every pupil thrive.

Expertise you can trust

80,000+

members
benefit from NGA
resources

130,000+

governance roles
supported by NGA

70%

of schools and trusts
in England access NGA
services

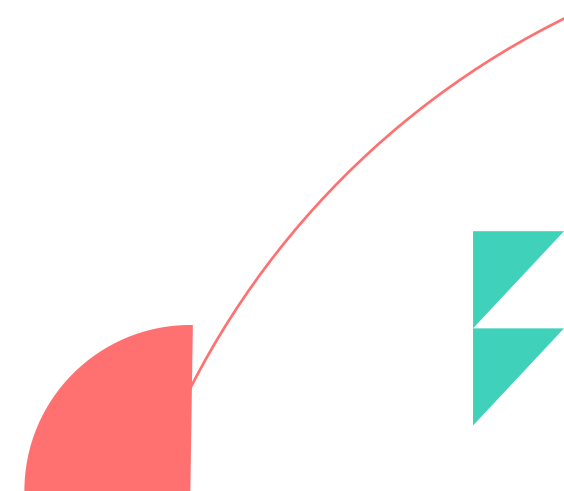

97,000+

learners subscribe
to NGA e-learning

Board responsibilities

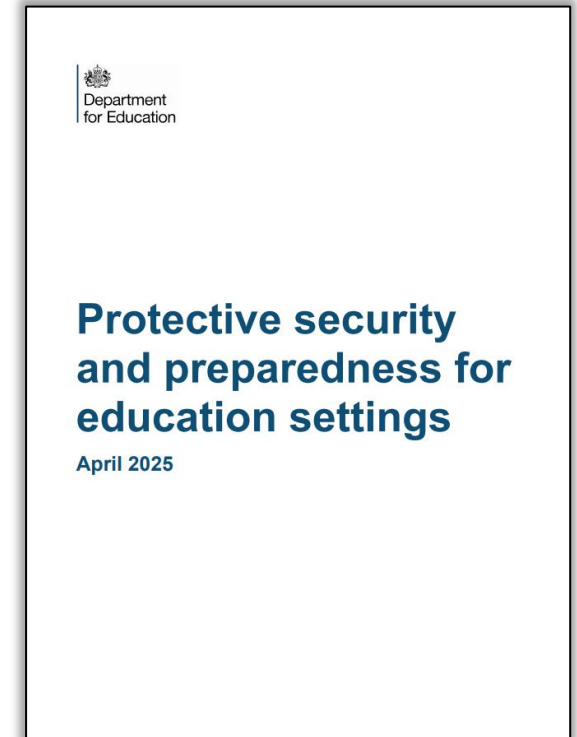

- Boards already have responsibility for compliance with safeguarding, Prevent and health and safety legislation.
- Providing a safe environment and keeping children safe should be at the heart of what every setting does.
- Risk assessments should already be in place that address the context of the school and actions being taken to minimise risks
- Governors and trustees should be asking about lock in, lock out and lock down procedures, risk assessments, and business continuity plans
- NGA members can access our guidance on their duties in these areas:
 - [Prevent](#)
 - [Incel](#)
 - [Safeguarding](#)
 - [Cyber-security](#)
 - [Health and safety](#)

Or access our e-learning [Learning Link](#) on these

Available non-statutory advice and guidance

- [Martyn's Law Factsheet – Home Office in the media](#)
